**Vista Touch
Power**

VistaTouch

Our next generation touchscreen panel meters with built in cloud connectivity

HD Color Display

Vibrant, full-color graphics display with dark/light mode and pre-set gauge designs to match your application.

Easy Programming

Fully configurable from the front panel with an intuitive touchscreen interface.

IoT Ready

Out-of-the-box remote monitoring on mobile and desktop with data recording and email and SMS alerts.

Built-In Connectivity

Modbus® RTU and TCP, plus 2 relay and 1 analog outputs, and 2 digital inputs.

All Vista Touch products are IoT ready, with full connectivity to Trumeter Cloud right out of the box. Unlock your system's potential with built-in remote monitoring with proven industry communication protocols.
